1. Michael Rennie was ill the Day the Earth Stood Still  
 But he told us where we stand.  
 And Flash Gordon was there in silver underwear,  
 Claude Rains was the Invisible Man.  
 Then something went wrong for Fay Wray and King Kong.  
 They got caught in a celluloid jam.  
 Then at a deadly pace it came from Outer Space.  
 And this is how the message ran

Ch: Science fiction, double feature  
 Doctor X will build a creature.  
 See androids fighting Brad and Janet  
 Anne Francis stars in Forbidden Planet

 At the late night, double feature, picture show

2. I knew Leo G. Carrol was over a barrel  
 When Tarantula took to the hills  
 And I really got hot when I saw Jeanette Scott  
 Fight a triffid that spits poison and kills  
 Dana Andrews said prunes, gave him the runes  
 And passing them used lots of skill  
 But when worlds collide, said George Powell to his bride  
 I'm gonna give you some terrible thrills
